Dear Parents

We would like to update you on the latest news concerning the school's efforts to achieve accreditation. The assessment team that visited the school provided positive feedback in their exit report. Since then we have received formal notification that we have been awarded accredited status by AdvanceEd.

This means that the school has been adjudged to have met internationally recognised criteria which seek to assure parents that their children will receive a quality education in a safe and supportive environment.

The school is, of course, delighted to have been awarded accredited status, however we recognise that we have made a commitment to an ongoing process of improvement which will only succeed if all stakeholders in the school work together towards a common goal - providing quality education to assist in the development of young men who can meet the challenges they will surely face in the wider world.

Thanks are due to students, staff and parents who made invaluable contributions in the preparations for accreditation. We look forward to your continued support in our efforts to make further improvements in the school.

Yours faithfully,

Ashraf M. Ahmad
Headmaster

Hazem Farouk
Dy. Headmaster
